Dear Hiring Manager,

The challenging domain of SAP Signavio is to continuously understand, improve, and transform the customer's business processes to scale them up. My passion for frontend angular development has sparked my enthusiasm to apply and become your Intermediate Angular Developer. My ambitious interest in front-end development and my experience in developing Stock Market domain products using Angular will help to develop products in a reliable, tested, & efficient way.

Having 3+ years of experience in frontend development. I have developed strong expertise in Angular Framework, Responsive Design, Optimizing Projects, writing reusable and maintainability code for a scalable environment, and RxJS for reactive programming using observables and subscribers.

The main achievements that I had in my previous position, are highly relevant to your specific case.

- Developing responsive robust, optimize, scalable single-page applications using Angular Framework, HTML5, CSS3, Bootstrap, Angular Material, Javascript, Typescript, Firebase web services, MomentJs, and various kinds of other libraries to support the requirements.
- Collaborating with product management, and other stakeholders for perfect output.
- Ready to take responsibility, Quick Learner, Learning Attitude, Team Player, Problem Solver, helping nature & learn from my colleagues.
- Achieved Hacker Rank certification on Javascript, Best Employee Award from my current company had hiked on position to Project Lead, several endorsements and recommendations on LinkedIn.
- Good in the English language also started to learn a Deutschland A1 level course to gel with team members.

In addition, Also worked in startup companies at the start of my career. where I worked on technologies like the Ionic Framework for Hybrid apps, the backend language Python and Flask framework.

My qualities and skill set will help to achieve the goal of our customers and provide good satisfaction  
Thank you for your time and consideration. I look forward to hearing back from you soon.

Yours sincerely

Shreyas Ambre
